MOHAN RAJ

Software Test Engineer

Bangalore , India | +91 7305959018 | jagamohan1203@gmail.com | www.linkedin.com/in/mohan-raj-5bb67b263 | https://mohanraj-qa.netlify.app/

SUMMARY

Aspiring Software Test Engineer with an MCA and expertise in automation testing frameworks like Selenium WebDriver, Jmeter, TestNG, Cucumber BDD, and Playwright. Proficient in Java, JavaScript, and TypeScript for robust test script development. Successfully led end-to-end testing for SaaS platforms and validated complex SDK integrations, ensuring product quality and efficient testing processes.

EXPERIENCE

JUNIOR QUALITY ANALYST **Jul 2025 - Present**
NEOKRED Technologies Bangalore

SOFTWARE TEST ENGINEER **Nov 2023 - Jul 2025**
MOVATE Technologies Chennai

EDUCATION

MCA **Jan 2021 - Jan 2023**
Madras University Chennai

BCA **Aug 2017 - Mar 2020**
D.G Vaishnava College Chennai

HSC **Jan 2015 - Jan 2017**
Bharathi Matriculation Higher Secondary School Chennai

PROJECTS

PERKLE - VOUCHER SAAS AND API PLATFORM **Jul 2025 - Present**

- Built and maintained an automated testing framework using TypeScript, Playwright, and Cucumber for the PERKLE Voucher SaaS & API Platform, implementing POM architecture and data-driven methodologies.
- Conducted system, integration, and API testing using Postman, JMeter, and automated scripts, ensuring early defect detection and adherence to functional and performance specifications.
- Integrated automated test suites into CI/CD pipelines via Git, streamlining deployment workflows and improving release reliability.

PROFILEX – USER IDENTITY & DEVICE INTELLIGENCE PLATFORM **Jul 2025 - Present**

- Validated Device Intelligence SDK integration across mobile (Android/iOS) and web platforms using Appium, Espresso, and XCTest, ensuring accurate device fingerprinting data capture.
- Conducted API and security testing using Postman, Rest Assured, and Charles Proxy to validate data ingestion, risk scoring, and fraud detection scenarios.
- Managed test lifecycle including test case design, execution, defect tracking in Jira, and reporting across integration and regression test cycles.

ACTIVISION - Video Game Publisher **Nov 2023 - Jul 2025**

- Analyzed business requirements and developed test plans, test scenarios, and test cases for each sprint, ensuring comprehensive coverage across functional and non-functional areas.
- Developed and executed automated test scripts using Selenium WebDriver, Cucumber, TestNG, and POM architecture, converting manual test cases into automated scripts with XPath and CSS Selectors for element identification.
- Conducted cross-browser, mobile, smoke, regression, and API testing using Postman, ensuring adherence to functional specifications and early defect detection.
- Logged and tracked defects in Jira, participated in sprint planning and daily stand-ups, and provided defect analysis and test progress reports to clients.

CERTIFICATIONS

CCNA CERTIFICATION - SANSBOUND NETWORKING SCHOOL **Jan 2020**

MOBILE TESTING CERTIFICATION – UDEMY ACADEMY **Jan 2025**

GUVI CERTIFIED PROGRAMMING PROFESSIONAL AND AUTOMATION TESTING WITH SELENIUM
